Experience

REACT -NATIVE (APP DEVELOPER)

Expediens Esolution Private Limited

2022 - present

- Collaborated with cross-functional teams to design and develop hybrid applications using React native.
- Utilized state management libraries like Redux to manage and maintain application state efficiently.
- Expedien Esolution became the turning point for me here. I learned to create the UI for mobile applications and I improved my javascript and front end skills.
- Worked closely with UI/UX designers to bring their designs to life, ensuring pixel-perfect implementation.
- Kept up-to-date with the latest trends and best practices in React development.
